

Pre-school Room Curriculum (3-4 years)

Become an effective communicator

- Communicate thoughts and ideas in a variety of ways
- Listen to others and take turns in conversations
- Learn and use new language confidently

Develop a positive sense of myself

- Build positive relationships with peers and adults
- Learn to respect others and our environment
- Manage emotions and begin to understand the feelings of others

Understand the foundation for developing healthy bodies

- Develop fine and gross motor skills through active play
- Learn about healthy choices and wellbeing
- Become confident and independent in self-care routines

Gain a lifelong passion for reading and writing

- Enjoy sharing books, listening to stories, and talking about what we see
- Begin to recognise letters and sounds through play
- Make marks, draw, and start early writing using a range of tools

Develop a curiosity and observe the world around us

- Explore our environment and ask questions
- Learn about our local community and wider world
- Celebrate similarities and differences between people, places, and cultures

Create an expressive imagination

- Express ideas through role play, music, dance, and art
- Explore different materials and media creatively
- Use imagination to build stories and adventures with others

Build a mastery of mathematics

- Use mathematical language in everyday play
- Count, recognise numbers, and develop problem-solving skills
- Sort, match, order, and explore patterns and measures
